ROE CANADA – THE DOCUMENTARY

Could a country like Canada ever experience a day like the Americans did on June 24? Will we ever have a moment as significant as Roe's demise? The answer the film proffers is: Yes. Yes, if each of us take individual responsibility for the abortions happening under our watch. Yes, if we choose activism over pessimism. Yes, if our passion grows into perseverance. Yes, if our own hearts are converted, and others follow. Yes, if our faith in God overcomes our fear. And if Canada can change, certainly the rest of the world can too. Could a country like Canada ever experience a day like the Americans did on June 24? Will we ever have a moment as significant as Roe's demise? "It tells the truth North America is forbidden to know." Mike Aquilina, VP, St. Paul Center for Biblical Theology Come and hear the truth of what is happening in our country. This is a Dunn Production being made available to the public free of charge. (The opportunity to give a free will offer will be made possible to support this very important work.)
