Families, friends, parish communities and health care professionals, together, all play an important role to care for and accompany those in need of palliative care that recognizes the dignity of the human person. As such, the Canadian Conference of Catholic Bishops have developed a program called Horizons of Hope that offers a toolkit to empower and educate those interested in learning about the most recent approaches to compassionate palliative and end of life care. It will help us come together in community to understand palliative care from theological, ethical, and medical perspectives.
